

Will & Legacy Tool: Build My Statement of Wishes

Build my Statement of Wishes

This is not a legal will. The document produced at the end of this tool is an educational "Statement of Wishes" that can help you think, and can be a useful attachment to a real will, but it does not by itself meet the legal requirements for a valid will in the UK or elsewhere (see the [UK & EU Law page](#)). Please speak with a qualified solicitor to make anything here legally binding.

☐ I understand this tool is for educational and reflection purposes only, does not provide legal advice, and does not create a legally valid will or binding instruction on its own.

Digital Legacy Hub

A free, standalone educational tool about digital accounts, digital property, and AI simulation of people after death, and what world traditions and the law currently say about it. Not a law firm, therapy service, or product endorsement.

About this tool. This site is an accompanying artefact for a Master's capstone project submitted at the London Interdisciplinary School, researching cross-cultural ethics of AI-powered digital resurrection tools and digital legacy planning. It is an educational awareness tool first and foremost, built to help you think and talk with people you trust. **It is not a substitute for legal advice.** For a legally valid will, speak with a qualified solicitor. See the [About page](#) for the full project description.
